Mr. Charles F. O'Donnell, the enterprising proprietor of the Boston Cheap Store, No. 248 Market street, between Brook and Floyd, still continues to sell goods at panio prices. In consequence of the immense rush for bargains, we will say for the benefit of many who have been unable to procure goods at the time they have called, that he J. s. will continue for two weeks longer to dispose of his stock at the same rates as advertised herotofore. Having a buyer constantly in the Eastern market watching the auctions, he is free to say that he can sell at least twenty per cent. lower than any TENTH BTREET, other house in Louisville, and as his entire stock has been purchased exclusively for each, he has many advantages of competing with merchants who buy on six and eight months' credit; therefore let those who would make the best of these hard times, please call soon.

C. F. O'DONNELL. Mesors. Donaly & Strader have renoved to No. 404 Third street, between Jefferson and Green streets. They are prepared to execute every description of business in their line, such as plumbing and gasfitting. The gentlemen composing the firm are active and intelligent master workmen, and deserving the patronage of all. See their eard of removal in another column. tf-
